WHY WE DO WHAT WE DO

DO GOOD

At Neal's Yard Remedies we use natural and organic ingredients, which are free from harmful chemicals.

We test on willing humans and we have never tested on animals.

We are dedicated to trading ethically and we always treat people fairly.

We are an independent family business and we pay our fair share of tax.

FEEL GOOD

We campaign for great causes to protect this beautiful planet.

We tread lightly on the earth to ensure our environmental footprint is as gentle as can be.

LOOK GOOD

We do all these things so you can feel good and look good naturally.

Clean, green, natural and organic

Our commitment to clean and green beauty is – and has been since 1981 – at the heart of everything we do. All our products are free from parabens, synthetic colours and fragrances, and GM derived ingredients. Made using the finest sustainably sourced botanicals, herbs and essential oils, here are a few of your favourite natural and organic inner and outer beauty heroes.

NATURAL & ORGANIC INGREDIENTS

We follow the Precautionary Principle, meaning you won't find anything in our products we believe could cause you or the planet harm.

WHY CHOOSE ORGANIC

By choosing organic, you're choosing sustainably sourced ingredients with a higher level of antioxidants, farmed using fewer pesticides and no manufactured herbicides.

All of which is better for you and better for the planet.

ETHICAL BEAUTY

We're the first health and beauty company in the UK to achieve Fair For Life and For Life certifications, ensuring farmers and producers get a fair deal.

Planet friendly beauty

From supporting indigenous communities who harvest our premium ingredients, to using 100% renewable electricity across our business, we act sustainably and ethically to protect this beautiful planet for everyone.

Why use certified organic skincare?

We are pioneers in certified organic health and beauty, having been certified by the Soil Association since 1991. We follow the Precautionary Principle – we maximise our use of pure, natural and organic ingredients, meaning you won't find anything in our products we believe could cause you or the planet harm.

We believe in honesty. Every organic ingredient is marked with a single asterisk * and every ingredient from organic origin is marked with a double asterisk **. Look for the Soil Association Organic or COSMOS Organic logo.

We're ethical

We're the world's first health and beauty brand to be awarded 100/100 for ethics (in an independent audit by the Ethical Company Organisation) and the first in the UK to achieve Fair for Life certification, which ensures farmers and producers get a fair deal for their work and a social premium for community projects.

We've also pioneered FairWild® certified ingredients, which ensures sustainable wild harvesting and a fair deal throughout the supply chain.

-  Never tested on animals
-  Prioritise natural and organic ingredients
-  Only natural colours and fragrances
-  Better for the environment
-  Protects wildlife
-  Contains no genetically modified (GM) ingredients

Natural & organic ingredients

We use the highest possible percentage of natural and organic ingredients, free from any unnecessary chemicals, as they're kinder to the earth, and kinder to you.

Reducing our packaging impact

We're fond of our blue bottles. We think they look great. The blue pigment protects against sunlight, helping protect and preserve the precious natural ingredients within.

We use glass bottles where suitable. For where we do use plastic, all our blue plastic shower, hair, bath and skincare bottles up to 300ml are made from recycled material, with a target for all our packaging to be recyclable, compostable or reusable by 2025. We use paper and card from responsibly managed sources.

Taking climate action

THE FIRST CARBONNEUTRAL® RETAILER

In 2008 we became the world's first high street retailer to be certified CarbonNeutral® having reduced our net carbon emissions to zero. We purchase carbon credits in support of projects that protect biodiversity hotspots and aim to reduce deforestation across the globe. We use 100% renewable electricity across all of our UK sites.

ORGANIC ROSEHIP *Rosa canina*

ORIGIN: SERBIA

Handpicked from the hillsides of south eastern Serbia, peak harvesting season provides an invaluable income to around 100 local people. The certified FairWild, organic rosehip oil, produced using cold pressed rosehip seeds, is the key ingredient in our Wild Rose Beauty Balm.

ORGANIC ROSEHIP HANDPICKED FROM THE HILLSIDES OF SOUTH EASTERN SERBIA

ORGANIC ORANGE FLOWER *Citrus aurantium*

ORIGIN: MOROCCO

Our organic orange flower essential oil – or neroli – is distilled from the blossom of a Seville orange grove growing at the foot of the Atlas Mountains in Morocco. Harvested by a team of 40 local women, this popular work provides a much needed income. It's a sociable way of life, with no heavy lifting and plenty of chatting.

ORGANIC NEROLI, HANDPICKED IN A SINGLE GROVE AT THE FOOT OF MOROCCO'S ATLAS MOUNTAINS

ORGANIC PALMAROSA *Cymbopogon martini*

ORIGIN: UGANDA

The lush, organic palmarosa grass that is distilled and used in our Purifying Palmarosa collection is harvested by hand near the town of Tororo in Uganda, and is Fair For Life fair trade certified. The distillation site was created with sustainability in mind and uses solar panels and recycled agricultural waste for fuel.

ORGANIC PALMAROSA, HAND HARVESTED IN MADAGASCAR

ORGANIC FRANKINCENSE *Boswellia neglecta*, *Commiphora confusa*, *Boswellia sacra*

ORIGIN: KENYA & OMAN

Our organic Kenyan frankincense is gathered by the women of the Samburu tribe, who gain an income from collecting the highly valued resin. We use the first certified organic frankincense from Oman, which we support through our innovative Project Frankincense campaign. Both are used in our Frankincense Intense™ Age-Defying and Frankincense Intense™ Lift collections.

ORGANIC FRANKINCENSE, SUSTAINABLY SOURCED FROM OMAN

ORGANIC ROSE *Rosa damascena*

ORIGIN: IRAN & BULGARIA

We use the essence of Iranian and Bulgarian damask roses in our Rehydrating Rose collection. They are handpicked in the early morning, kept cool and distilled within hours of being picked to maximise and preserve their benefits and precious aroma.

ORGANIC ROSES, HANDPICKED IN THE BULGARIAN ROSE VALLEY

ORGANIC YLANG YLANG *Cananga odorata*

ORIGIN: THE AMBANJA REGION OF MADAGASCAR

Ylang ylang flowers are highly prized by perfumers and aromatherapists for their sweet, exotic and relaxing fragrance. We pay a fair price and community bonus for our ylang ylang that is handpicked in the Ambanja region – distilled in copper stills for the finest fragrance quality.

Seasonal skin saviour ritual

Smooth

- Rub a few drops of oil between your fingertips, then gently smooth onto skin using an outwards and upwards motion
- Smooth onto the forehead in the same way
- Using the backs of your hands, smooth the oil upwards under the chin

Invigorate

- Starting at the jawline, work around the face in small, circular motions
- Gently circle the mouth
- Gently draw circles around the eyes
- Pinch eyebrows in an outward direction

Pressure

- Apply pressure above the nose, with fingertips
- Apply gentle pressure, moving gradually outwards to circle the eyes
- Work up the forehead in straight lines
- Apply gentle pressure moving down and away from eyes

Finish

- Repeat the first step with flat hands
- Rub hands together to warm, then rest for a few moments with hands over eyes
- Take a moment to relax and breathe in the beautiful aromatic scent

NYR ORGANIC CONFERENCE 2019

CREATE YOUR OWN SUCCESS STORY

"I joined Neal's Yard Remedies in February 2017 when I had to leave my long teaching career after being diagnosed with a (thankfully) benign but debilitating cyst in my brain. I had only been introduced to the brand a few months earlier at a friend's party where I immediately fell in love with the magic that is Wild Rose Beauty Balm. When I realised I could join too, it was the perfect solution - I can work as much as my health allows, while learning about a more holistic, balanced lifestyle.

I had no idea where it would take me and that Neal's Yard Remedies would bring me a whole new career. For the first few months I was too ill to get out and do events, but to my surprise many of my friends and family already knew and loved the brand so the orders flew in, others joined my team and I achieved promotion twice in the first year.

I now love getting out and about sharing the ethical, organic skincare message at parties and events all over London. I am so grateful to Neal's Yard Remedies for giving me a new purpose, a phenomenal team who I adore working with, a business of my own with a company to be proud of and a whole lot of laughter."

Shea Hollis, **Team Leader**
